

INDICT 99 IN OHIO VOTE FRAUD

Cincinnati City Officials Included in Detective Haul.

By United Press
CINCINNATI, Jan. 24.—Office holders, it was said, will be included in today's haul by United States detectives and marshals who are here conducting a search of the Cincinnati election records of last November. Ninety-nine indictments have been issued for the investigation of the vote trust. District Attorney Bollin announced this afternoon. Fifteen writs of capias would be issued on indicted men today, he said.

Two Cincinnati councilmen, a deputy sheriff and seven or eight other city officers have already been taken into the net. According to the charges made in the indictments, the price of votes in Cincinnati was one dollar.

All of the ninety-nine indictments are for Cincinnati men, according to the information received this afternoon from the federal officers. The drag net, it is said, covers Southern Ohio counties and additional indictments are expected in the near future.

SHOWS WORTH OF EDUCATION

Westminster College Has Figures Proving Value of Learning.

Of the 8,000 persons in the United States which the first edition of "Who's Who in America" lists as having achieved success in business and professional life, 4,810 were college graduates. One thousand attended college but did not graduate, 1,245 had a high school education, 808 had a common school training and thirty-one had no schooling. These facts have been collected by Westminster College at Fulton, and issued in a circular as proof that a college education pays.

There are only one-half as many college graduates as high school graduates, according to this circular, yet colleges have furnished five times as many in the front rank of success. Of the total population of the United States over 21 years old, 1,000,000 are college graduates, 2,000,000 are high school graduates, 2,000,000 have only a common school training and 4,000,000 have attended no school.

VISITS SCHOOL OF ENGINEERING

Dean Mayer of Columbia University Here in Interest of Graduate Work.

Dean Ralph Edward Mayer, of the School of Mines, Engineering and Chemistry at Columbia University, was in Columbia yesterday visiting the School of Engineering in the interest of graduate work in Columbia University. Dean Mayer is obtaining students for graduate work in that university, who have made good records in other schools.

Dean Mayer said that he was well pleased with the school here. A student from the University will be selected to receive a scholarship this year and will be designated in Columbia University as the Missouri scholar. Dean Mayer went from here to the University of New Mexico. From there he will go to the Polytechnical Institute in California.

Elks Entertain at Annual Roll Call.
Boxing exhibitions, refreshments and music accompanied the annual roll call meeting of the Elks' Club last night at their club rooms. The boxing exhibitions were given by R. H. Parker, Edward Meisburger, Charles F. Goldberg, George Griffith and David Killam, all students in the University. Parker who is boxing instructor in the University demonstrated a few clever boxing tricks and blows.
